Supplies:

- Cream colored acrylic paint

- Scissors
- Fine paint brush
- White craft glue

The cappuccino topper is acrylic paint on regular printer paper.

Paint a quarter size area of paper with a thick coat of cream paint. Let it dry. Turn the paper over and mark a $\frac{7}{8}$ " round. Cut out the $\frac{7}{8}$ " round. On the painted surface, add a figure using a fine brush and a very little brown paint. The figure can be anything your own barista might add to your order. Let the paint dry. Glue the paper round to the coffee in the cup.
