Crafty Extras:

- The top is four popsicle sticks, cut to length and glued together. It is trimmed with #7069 Small Crown Molding and painted gloss black to match the cabinet.
- The back interior of the cabinet is covered with #9673 Mirrored Sheet; the shelf is made from #5099 Acrylic Sheet, supported by two smaller pieces of acrylic. All edges of the acrylic pieces are colored with black marker to help them disappear.
- A steel jump ring was glued (Weldbond, #1249) to the acrylic sheet to provide a place for the magnet that mounts #12354 Silver Spotlight. It is highlighting #67239 Tulip Centerpiece.
