

Lounge Chairs Kit

by Phoebe Martin

Items used:

- #14496 Lounge Chair Kit
- #54021 Pair of Dark Brown Block End Tables
- #65655 2-Pc. Blue Towel Set
- #65312 Tequila Sunrise

Crafty Extras:

- The kit is made of laser cut 1/8" MDF (medium-density fiberboard), which takes paint very well. A few coats from a brush suffice for a painted wood look. If you are going for more of the plastic look, multiple coats by spray are needed with sanding between. Phoebe, our Staff Miniaturist, used Rust-Oleum's 2X Ultra Cover spray paint and primer in gloss Modern Mint for the finished example.
