Crafty Extras:

- Walls - Before assembling the kit, Theresa added tile walls by printing a picture of white square tiles and going over each tile with Mod Podge to give the tiles dimension and sheen.
- Floor - She painted a faux concrete floor with multiple shades of grey acrylic paint, scored lines with a knife, and sealed it with Mod Podge.
- Awning - She created a wooden frame using 1/8" wood strips and covered it with a perfectly-scaled stiped yellow fabric. Instead of sewing the scalloped trim, I covered the edge of the fabric with lots of craft glue to stiffen it up and stop it from fraying, and then cut the scallops using sharp fabric scissors.
