Building Back Wall
Building Floor
Building Front Trim
Bench Riser (2)
Bench Side (2)
Bench Seat (2)
Building Window Trim (4)
Building Window Acrylic (2)
Building Front Acrylic
Building Roof Panel (2)

GENERAL INSTRUCTIONS

- Identify and inspect all parts using the Parts List.
- Thoroughly read the directions before starting.
- Set up a dedicated work area to avoid the need to unpack, repack, or move the project frequently.
- Use a clean, level, and dry work surface protected from glue spills.
- Dry fit the parts using masking tape to ensure everything aligns correctly before permanent assembly.

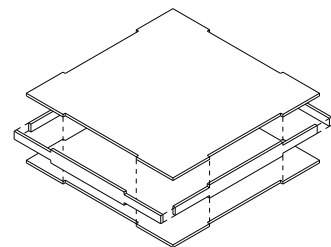

Assembly Instructions

Platform

Parts you will need:

- Platform Base
- Platform Short Side (2)
- Platform Long Side (2)
- Platform Floor

1. Place the **Base** flat on the work surface.
2. Glue all **Sides** to the **Base** following the tab & slot pattern.
3. Glue the **Floor** to the top of the assembly.
4. Set aside and let dry.

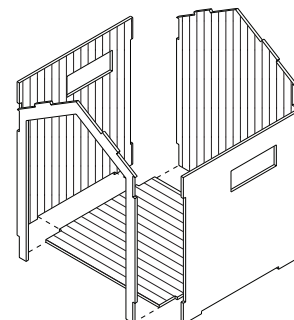

Building

Parts you will need:

- Building Right Wall
- Building Left Wall
- Building Back Wall
- Building Floor
- Building Front Trim

1. Glue the **Left Wall** to the **Back Wall**. Orient the etched surface towards the interior. Stand the assembly upright.
2. Glue the **Right Wall** to the **Back Wall**.
3. Glue the **Floor** in place.
4. Glue the **Front Trim** to the **Left** and **Right Walls**.
5. Ensure the assembly is square and set it aside.

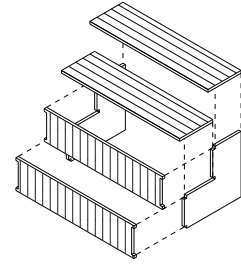

Bench

Parts you will need:

- Bench Riser (2)
- Bench Side (2)
- Bench Seat (2)

1. Glue the **Risers** to the **Sides** following their tab & slot patterns. Orient the etched surface facing forward.
2. Glue the **Seats** on top of the **Risers** and **Sides**. Orient the etched surface facing up. The **Seats** are flush at the back and overhang at the front.
3. Ensure the assembly is square and set it aside.

Putting It Together

Parts you will need:

- Window Acrylic (2)
- Window Trim (4)
- Building Front Acrylic
- Building Roof Panel (2)

1. Slide the bench into position inside the building.
2. Attach a **Window Trim** piece to each window opening from the exterior.
3. Glue a **Window Acrylic** panel to the other **Window Trim** piece, then fit this assembly into each window opening from the interior to form a sandwich.
4. Slide and glue the **Building Front Acrylic** inside and against the **Front Trim**.
5. Place the **Roof Panels** on top without glue, aligning their slots with the tabs on the **Back Wall** and **Front Trim**. The **Roof** remains removable for interior access.
6. Position the building securely on the platform.

Assembly is now complete. Enjoy finishing as desired.
